Ghost Towns of the Wild West

Visit real ghost towns and those barely hanging on to life, such as Elkhorn, Montana. Travel through the high sierras to Bodie, once the third largest city in California and now a diminished but amazingly well-preserved ghost town. This is a modern Wild West adventure where you won't believe your eyes, except that it's all real!

You loved Monty's and Marsha's adventures in *Wales: Land of Song*. Now travel with them into England's romantic West Country. Starting in the ancient city of Bath, we will move westward into the legendary lands of King Arthur and the fictional Wessex of Thomas Hardy. And we will continue on till we reach Land's End.

Prague to Paris & a Cruise

We start our journey in picturesque Prague, visiting majestic Hradcany Castle and Old Town. We then cruise through the scenic valleys along the Main, Rhine and Moselle rivers in Germany, visiting historic cities and towns, such as Nuremberg, Bamberg, Wurzburg, and Rudesheim. We end up in Paris visiting many beloved historic sites.

Take a look beyond the news headlines at these two fascinating countries. Experience life in the streets and markets of Kabul. Travel across the Khyber Pass and see the home/fortresses of the Pashtun people. Visit numerous villages in Pakistan, meeting with warlords, village headmen, and an American woman teaching in a local school.

Majestic Montana

Come experience the true majesty of our fourth-largest state, where cattle outnumber people three to one. Join an Indian Powwow, trace the steps of the Lewis and Clark Expedition, and hike trails to sample Montana's scenic wonders. Investigate the myths, legends and reality of the people who came west to help shape the future of this state.

Visit the many famous sites in this "City on the Bay", including Fisherman's Wharf, Chinatown, Golden Gate Park and Alcatraz. But then go beyond what most visitors see and venture into many of the fascinating neighborhoods of this diverse city. Learn the history of San Francisco, including rare footage of the 1906 earthquake.

SCIENCE IN YOUR LIFE 2013 Jan. 23, Jan. 30, Feb. 6

The 2013 series will be at 7:30 p.m. on January 23, January 30 and February 6. As in the past, each program will consist of an understandable talk by a scientist involved in research on the topic, and an opportunity for questions from the audience. Brochures giving speakers, and subjects and the location will be distributed in January. The purpose of these lectures is to bring together the general public and scientists to explore topics of interest and importance to everyone. Admission is free.
